We don't want to have tempers or campaign based on hate or swear words but lets just make comparisons.

I am starting with mine and using tweets from a random Nigerian on twitter and I will show you this person doesn't support my candidate but can't deny his work.

Meet citizen Eniola.

She got the cataract treatment free as a citizen not because she knows anyone but because it was a government policy in Lagos then

The Lagos emergency response system with free 24hrs treatment and 123 toll free line was started by Tinubu. LASEMS and LASAMBUS. The ambulance point at 3rd Mainland, Amuwo Odofin, Anthony Bridge, Ojota toll gate. The FG since 1999 has been unable to replicate this model.

Citizen Eniola does not support Tinubu but she can't deny that he did wonders as governor and that touched and changed her life for the better even up until this

Oh, she supports governor Zulum which is alright, everyone has a right of choice but can she deny the work of Tinubu in her life?

Since 2000. That is legacy, testimony, that is faith and trust.

Get your favorites to do it if it is easy

The second and third pictures are not of citizen Eniola, they are random as she is.

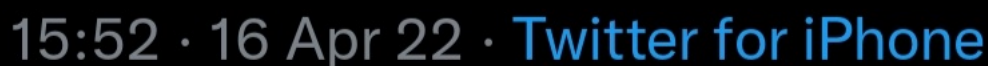

First is the date of the publication which is 2007

The second is a picture of the program which Citizen Eniola enjoyed. That is another random citizen, only God knows where that person is and if alive, that person

That is the impetus and confidence which makes some people campaign for Tinubu.

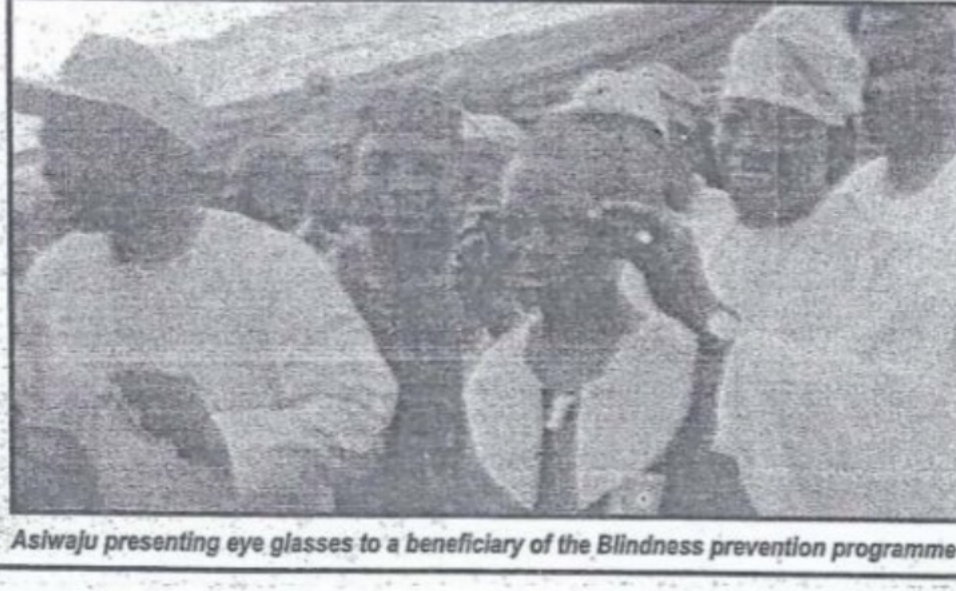

I'm the only one that wants Zulum
