How Cold Hearts Get Gold Diggers Paid.

Gold Diggers. Two words that invoke images of cold-hearted greed and manipulation. creatures. Nice Girls have never been a hit with rich men.

As a woman it might be puzzling how an icy cold heart makes men bust open their ba

It all begins with understanding how men fall in love versus how women fall in love.

HOW MEN AND WOMEN FALL IN LOVE.

When a man starts dating a new woman, usually he's in **conflict** with his friends and of his actions because most of the times he's acting dumb doing too much too soon f

On the other hand, when a woman starts dating a new man, usually she's in **harmony** welcomes their advice and follows it.

Why do men and women start out so differently?

A man is roughly 80% logical and 20% emotional. A woman is about 80% emotional and

When a man is attracted to a woman and approaches her, he's in a rare EMOTIONAL him because he'll do anything, say anything and give anything to have her. He's thinking logical friends.

On the other hand, although women are emotional by default, the woman, when she Because at that point he's a nobody to her. She doesn't love him. She doesn't hate him

logical as her concerning her suitor, there's harmony in the girls camp.

Unlike in the guys camp.

And so the woman, with a cold pragmatic eye and reasoning logically, she closely scrutinizes her friends. She's as logical and as calculating as a man considering a business deal.

THE GREAT SWITCH.

Now, as time goes and things progress, the man and the woman start to switch places.

Because the woman has sufficiently studied her new man, shared sensitive information, taken trips, or even slept with him, she stops being indifferent (logical) and gradually gets involved. The woman starts to clash with what she has to say. And she begins standing up for him when he's wrong.

She's finally emotional and can no longer be reasoned with. This state she's in now, the woman is in.

Meanwhile, the man, because he has got what he wanted (sex), cooling his head and letting his emotions this time evaporate and he goes back to his old logical self. Now he's the one sober man in the room, the ghost the woman.

This state he's in now, the woman started out in.

The man and the woman have switched places.

She who started out indifferent, is now in her feelings. And he who started out in his feelings, is now indifferent.

THE GAME GETS COLDER AND COLDER.

Ever noticed this? A guy pursues you and you give him cold shoulder after cold shoulder. But when he's finally impressed and satisfied with his determination, you turn around and become his cold shoulder.

What just happened??

You were supposed to stay cold that's what!

A Gold Digger, when she's finally satisfied with a man's determination - when she realizes she's not so kind like other women do, **she gets colder and colder**. The man's determination inspires her. When he's done with it, he'll have paid mountains of bills, bought bags and bags of groceries, given accommodations, been strong - bought even a car.

And the scam that scams him is a simple scam...

A gold digger DOES NOT ask for money. What she does is She presents a problem. If a man asks for help, she asks for money. If a man asks for help, she asks for money. If a man asks for help, she asks for money.

That's the standard method. And it works everytime. While protecting the gold digger's money.

By talking about her problems to a man the gold digger is dropping hints that she needs money. It's crucial that if and when a man decides to help with money, he imagines himself in a position where he has to ask for help otherwise he'll feel used and demand for something in return (sex).

How does this approach protect the gold digger?

You've heard this angry argument before, even in the movies:

Man: "Remember I did this, this and that for you! I did it all for you."

Woman: " *But I didn't ask you to!*"

Of course she didn't ask him to. Not directly anyway. What she did is she mentioned a problem which put the idea in the man's head to help. By spending. But the idea was put in his head. He can't confidently say, "Did I ask you to do those things for me?" And the man can't answer.

It works everytime.

When a gold digger voices her struggles and a man offers his help, she, to strengthen her position, refuses his help - Waiting for him TO BEG HER TO ACCEPT HIS HELP. It's a mind trick that she uses to get him to press his offer on her. If he doesn't insist and force her to accept his help but instead she asks for money HE'S THE WRONG TARGET. He doesn't prioritize her happiness high enough. Most men are. A Gold Digger needs men so keen on seeing her happy that they put money in her hands.

Guys know what I'm talking about here.

Almost every guy has that one girl he cared about so much he personally put money in her hands. But gold diggers are aiming for. But with rich men.

If a gold digger speaks about a problem a couple of times but a man ignores and doesn't help, she knows she's **wrong target**. She quietly moves on to the next man.

When Gold Diggers fail to achieve with a man, they know it just means one thing: "It's WRONG PERSON."

Gold digging is NOT the ability to scam every man but the ability to pick that One Man finding that man you don't have to beg for anything - because there's nothing he won't

ALL women do this. But gold diggers do it on a grand scale.

The average girl knows that if she complains long enough to a guy about her old phone messages, IF THE GUY LIKES HER ENOUGH, he'll offer and get her a new phone. It's a

Gold Diggers run massive scams.

A gold digger tells a man she hasn't fucked yet that she can't invite him where she stays, which he assumes she's ready for sex, so he tells her to look for a place of her own. Ten month later she tells him she's found a nice apartment. To which he makes the bank transfer, it's just empty rooms. To which he again makes the bank transfers for the furniture.

Now here's the scam:

The apartment already belonged to the WOMAN, so deposit and rent money goes straight to her pocket. Some of the property bought is secretly resold, so normal prices are taken back for cash refunds - without the man's knowledge, so more of furniture. And pockets full of money. But not a single drop of sperm in her pussy.

Such is how a man's bank accounts are emptied. Without showing him even a panty.

It doesn't matter if he's seeing other women's panties, the gold digger with her legs clad in **women but he can love only 1. While a woman can love 10 men but she can only**

This is the center core of male-female sexual dynamics. Everything revolves around the

It's not about who a man fucks, it's about who he loves. And it's not about who a woman even hoes. And a woman's heart any man can have, even a simp in her DMs. It doesn't do is spend his money. Because his heart follows his money.

NOW, THE MORE COLD-HEARTED AND RUTHLESS A GOLD DIGGER IS in emptying a man's bank and everything for her, the stronger will be her grip on him when he finally snaps out

because he has spent too much on her. It will be in his best interest to make sure the

AS REFRESHING AS AN ICE COLD HEART.

Here's the summary of what we're saying: You get a man irreversibly invested in you (you feel anything for him), so that by the time you yourself fall hopelessly in love with him, he can't play you because he's bound to you through his investment in you.

MEN FALL IN LOVE BY BEING LOGICAL.

Men are logical in nature. But when a man sees a woman, he's drawn to her by what he's acting by his feelings. A man will see a woman for the very first time and shout "This is really experiencing is a rush of feelings and emotions that he's incorrectly decoding.

This rush of feelings and emotions is not a man's natural state. It is a temporary state.

When that temporary/emotional state passes - usually after sex - what remains AFTER sex is if he's in love or not.

A man's shift from being emotional to being logical again is best understood in the context of lust. A man is in lust or in love with a woman until he sleeps with her. Men are emotionally clouded. THEY LOVE A WOMAN BY HOW THEY FEEL ABOUT HER AFTER FVCKING HER.

Whatever a man might say about loving you, there's a 50% chance sex will prove HIM wrong. sex. Not because he's a Player. But he was feeling this rush of feelings and emotions before

Post Nut Clarity is a man getting back to his logical state after starting out in his emotional state BEFORE this clarity. Before sex. It is before sex that a man's logic is disconnected. Sex

Because of Post Nut Clarity if a man gives you, let's say a phone for sex, one second after he has the phone and he's wishing to take it back. He has come to his senses. Any man who has Post Nut Clarity will regret wasting your money paying for sex. This is also why guys promise women money and give women the money. Sex gets men back to their right senses.

But it's the opposite for women.

Women have PRE NUT CLARITY.

As opposed to men's Post Nut Clarity.

Where men get clearheaded AFTER the sex, women are clearheaded BEFORE the sex.

In dating, because it's the man who usually pursues women, women start out cold and that is, UNTIL SEX HAPPENS and suddenly they're not so sure.

A woman can read her own emotions clearly as day as long as she keeps her legs closed because emotions have poisoned her judgment: **"Does she love this guy or is it just sex?"**

All this means: A woman may hate a man before sex only to like him after sex. While a man

It also means:

Sex simplifies things with a man.

Sex complicates things with a woman.

Sex pushes a man away.

Sex pulls a woman closer.

Sex makes a man logical.

Sex makes a woman emotional.

And because manipulation works best when a victim/target is emotional since then they are easier to manipulate. While a woman is easiest to manipulate AFTER sex. Which is why gold diggers stay celibate.

When it comes to sex, men are easy. They'll sleep with anything. But when it comes to marriage,

Who men fuck is an emotional decision but who they marry is a logical decision.

When a man commits for marriage, that decision comes from a calm, quiet and sober head. And that place a man only enters after the excitement of emotions have passed.

When a woman rains pussy on a man - overdosing him with sex - it's the harder she rains, the more he has not engaged. The big head will not engage until the small head disengages. Small head decisions (marriage). That's why it's when a woman finally closes her legs, cuts off the handover, that a man will propose. Because the handover-takeover between dick and pussy.

Sex will get you nowhere with men. You can put your panties back on. Because you're not married.

YOU'RE ONLY HURTING YOURSELF TRYING TO USE SEX TO GAIN MARRIAGE.

When a woman opens her legs for a man, she opens her mind to that man. By taking

women, triggers the release of very powerful hormones in their brain which have a very powerful effect on women. These hormones are called bonding hormones. Think of them as super glue. And oxytocin is

If sex is a gun, oxytocin is the bullet. And it's the WOMAN HERSELF who takes this bullet. She's not hurt peacefully sleeping inside a woman's mind: Love. And when a woman's love is awakened, she can hurt herself.

Song of Solomon 8:4 "I adjure you, O daughters of Jerusalem, that ye stir not up, nor awake love

AWAKENING LOVE BEFORE THE TIME.

When a man approaches a woman he's in his feelings. But the woman is indifferent/logical. She hasn't met. She's indifferent. Logical. But as the woman gets to know the guy she starts getting

And it's easy to see that change happen:

At the beginning (the indifferent/logical stage), a woman is calculating and inquisitive. She has a list of his it's always complaints: "he's a bad dresser", "he's not very good looking", "his house is

And her friends agree.

Then a few weeks or months later the complaints cease. And when her friends attack him, she has EXCUSES for him: "He's not that bad though", "He's a good guy once you get to know him".

What has changed?

The woman.

By getting to know the guy the woman has become attached. She has shifted from indifference to love. Love is a game that women lose the moment they catch dick.

Women need to hold off sex with a new man for as long as possible - not to prove his worth, but to be logical and rational, and able to keep her head in the Game. To properly strategize and win.

Sex gets women emotional, and sex before the right time (Premature Sex) gets women emotional before the right time, she'll be scoring own goals till infinity.

Premature Sex - sex before a woman has fully vetted a man - is dangerous for women. It turns a man by moving her too soon from being Objective (unbiased and realistic because she's

now attached after sleeping with the guy). That all-important work of properly studying the decision whether to accept or reject him, is canceled the moment sex happens.

Sex must only happen after this process completes. If sex happens BEFORE the process gets aborted. That sex is called Premature Sex.

Premature Sex is how women get stuck in relationships with broke men, abusive men

The heart got involved before the head completed its work. The women shot themselves

Legs must remain closed. Because as long as a man's dick stays in his pants he stays c

Happy 2021.

journey2hypergamy This is the problem for some ladies, i cannot stress this enough...LEARN SELF CONTROL! Some women are so caught up in "getting some good d*ck" that they're letting any smooth talking Tom get them in their bed and this is how struggle love starts. They completely skip over the part when you actually date and get to know the person. How will you know if you two actually have the same values or the same outlook on life? How will you know if you are truly compatible? Premature sex complicates situations, it makes it harder to leave a messy train wrecking situation. You will be less likely to enforce your boundaries if you're already having sex with somebody you're supposed to be "getting to know" it's backwards & Don't get me started on soul ties ! It's emotionally draining and toxic to be soul tied to a person that has so much pessimism attached to their lives. To be honest SEX shouldn't even be a topic until you are completely sure you have vetted him, observed his actions and you're satisfied, he has invested enough in

you, and you're sure he's the one that you would like to move to the next level with. Only you as the woman can determine when that will be. He needs to pass YOUR test(s) before he even gets to the next level. What good is a prize that anybody can have ? That's like getting trophy just for participation. Men like the chase, they respect you more when you are harder to get and you don't put up with any tricks and BS that they might throw out there. Don't make it easy and DON'T ignore red flags. I personally get turned off when I see a red flag and I start to find the exit. [#hypergamoushunnie](#) please say no to struggle love !

Meka J the vibe was off probably because the girl got intimate with them right off the bat and failed to get to know them properly

first. There was little effort put into the relationship before they slept together and so the bar was set very low for intimacy. Everyone seems ideal and “a great guy” until they find out they also have major flaws and your also major dealbreakers! By the time you time the girl finds all this out, they’ve sleeping together for a while and became blind to the major red flags they have been showing off all along and it ends up toxic.

When a man invests into a woman, that is how he bonds. When a man takes out his wallet and spends his hard-earned cash on you, and keeps spending it on you when he could be saving/investing, that is his way of bonding with you so that you don't bond with other men. Men follow their wallets: Wherever they spend money is where they spend time.

@Not Broku 🙄 I don't like it either but this is what dating has come to. I don't care for material things but the one thing I realized though is the more I allow a man to spend on me, the harder it is for him to walk away and I can get away with pretty much anything. After a man has spent X amount of dollars on a woman, he's locked in. Now he fears losing you. Why? Because no man wants to lose out on thousands of dollars worth of investments. When you walk away, all that money that he spent on you goes down the drain.
